THAT VOTE!

The Hunker presses are trying to prove that Col. Fremont's vote in the U.S. Senate to abolich the Slave Trade in the District of Columbia was a pro-Slavery vote. The following is the bill entire:

"Secrion 1 That, from and after the 1st day of January, 1851, it shall not be lawful to bring into the District of Columbia any Slave whatever, for the purpose of being sold, or for the purpose of being placed in depot, to be subsequently transferred to any other State or place to be sold as merchandise. And if any slave shall be brought into said District, by its owner, or by the authority or contract of its owner, contrary to the provisions of this net, suc helave shall thereupon become liberated and

Sec. 2 And he it further enacted-That it shall and may be lessful for each of the Corporations of the cities of Washington and George town, from time to time, and as often as may be necessary, to abate, break up and abolish any deput or place of confinement of slaves brought lute said District as merchandise, contrary to the provisions of this act, by such appropriate means as may appear to either of the said Corporations expedient and proper, and the same power is hereby vested in the County Court of Washington County, if any attempt shall be made within its jurisdictional limits to establish a depot or place of confinement for slaves brought into the said District as merchandise for sale contrary to this act"

The pretended extract is a base forgery, and we believe the Racine Democrat knows it : for we have published article after article from the Era, encouraging to the Republicans, and expressing the hope of Fremont's election .-There seems to be nothing to base for the Hunker press to attempt, in their desperation at the uprising spirit of Freedom.
